

## LEARN TO DIVE - OPEN WATER PROGRAM

This is where we all start when we learn to dive and it's all done in the space of 2 weekends! Diving is easy and fun, it creates new social and travel opportunities and allows you to connect with the ocean and discover a new world.

Your Open Water course is made up of 3 modules:

### THEORY

**Saturday:** The home study component of the theory is done at your convenience and at your own pace. It is then reviewed in a classroom session with your instructor.

### CONFINED WATER (POOL) TRAINING

**Sunday:** This phase of the training takes place in the comfort of a heated pool. You will go through 6 specific key areas and skills sets that will give you the knowledge and confidence to transition successfully into the ocean. This will be achieved through numerous pool dives during the day.

### OPEN WATER TRAINING

**Saturday:** You will do 3 Open Water dives where you will demonstrate to your instructor your ability to perform the skills learnt in the pool.

**Sunday:** You will finish your course with 2 boat dives experiencing some of the best of Victorian diving.

COST: \$699

### PREREQUISITES

A dive medical may be necessary following the completion of a medical questionnaire. We can provide you with a list of suitably qualified doctors.
