NIGHTS

 **20**
DIVES

Located on the northern coast of Mindoro Island, the beautiful beaches, coves and spectacular dive sites of Puerto Galera have been bringing people in from all over the world. These waters are enriched by the current of the South China Sea, resulting in strong currents of up to 6 knots. This makes the area well known for its spectacular, exhilarating drift dive and abundant sea life at Verde Island. Plus the area offers fantastic macro and critter diving around Puerto Galera.
